

ConnectPay in a Brief

OUR SERVICES

Our services are tailored to the needs and risk appetite of the client. Account opening and SEPA payments are provided by us directly, while SWIFT, Card processing (Merchant services) and Corporate Cards are currently provided in partnership with several providers.

IBAN accounts

- ✓ **ACCOUNTS:** Accounts are provided directly, with no intermediaries with worldwide standardized IBAN bank codes. All IBAN accounts are multi-currency, allowing SEPA/SEPA Instant and SWIFT transfers.
- ✓ **SWIFT:** For SWIFT, we need to understand what your needs are, such should be discussed with your Easy Banker.
- ✓ **C2B/B2B/B2C:** Our IBAN accounts are the same as any institutional bank accounts allowing you to settle client funds from payment processors or services like 'Sofort/Klarna', do payouts to clients as well as send and receive money to/from business partners.
- ✓ **APPLY HERE:** Any business relationship with ConnectPay starts with opening a current account. To apply for it please fill the application form [here](#).
- ✓ **DOCUMENTS:**
 - A list of basic required documents is [here](#).
 - A non-exhaustive list of additional required documents for the various industries can be found here:

SAFETY OF YOUR FUNDS

Unlike traditional banks, ConnectPay does not invest your money. Therefore, your money is always instantly available. Regulations set by the Central Bank of Lithuania (government institution directly regulated by the European Central Bank) requires all funds deposited in ConnectPay accounts to be stored within segregated accounts in credit institutions and always to be kept readily available for client withdrawal.
