1. Client categories and assignment

ConnectPay assigns a category to each client and prices differ per category. Categories are assigned based on the below criteria¹:

- **Category 1** is assigned if the company is **EEA based**² and the business activity is considered **lower risk**³.
- **Category 2** is assigned if the company is **EEA based**² and the business activity is considered **higher risk**³.
- **Category 2** is assigned if the company is **Non-EEA based**² and the business activity is considered **lower risk**³.
- **Category 3** is assigned if the company is **Non-EEA based**² and the business activity is considered **higher risk**³.
- **Category 4** is assigned in case of ICO activity, regardless of where the company is based.

Explanations and definitions:

- ¹The ultimate and final decision on the assigned category lies with ConnectPay. The criteria indicated above to determine the category apply in the majority of the cases, but not always.
- EEA = European Economic Area. A list of countries that are members of the EEA is provided below.
- ²To be considered an EEA based company, the following requirements must all be met:
 - The company applying for the account is incorporated in an EEA member country.
 - The companies forming the ownership structure (if any) of the applying company are incorporated in EEA member countries.
 - The Ultimate Beneficiary Owner (UBO), director(s) and shareholder(s) each have a passport issued by an EEA member country.
 - The company's headquarters is in an EEA member country.
- ³ConnectPay maintains a list of business activities it considers to be higher risk in nature. The list contains business activities which require relatively more time and effort to assess and manage compliance risk on an ongoing basis. A list of higher risk business activities is provided below.

EEA member countries:

The EEA countries are Austria, Belgium, Bulgaria, Croatia, Republic of Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden and the UK.

Higher risk business activity list:

Accountancy, adult, arms trade and defence, auditing, construction, crypto currency exchange, healthcare, high value dealers (artefacts and antiquities, gold and diamonds, other), ICOs, independent legal professionals, land-based/offline betting, casinos, gaming machines and poker, lotteries, notary services, online gambling, pharmaceutical, public procurement, real estate investment, tax advisors.
